## 14 HOURS OF LIVE PHARMACY CE DELIVERED ON THE SAN DIEGO BAY

# *Pacific Pharmacy CE on the San Diego Bay*

October 9-10, 2010

14 Hours of Live Continuing Pharmacy Education

Embassy Suites, San Diego Bay - Downtown

## *~Inaugural ~Pacific Pharmacy CE on the San Diego Bay*

We are pleased to announce this inaugural, live program with comprehensive information for pharmacists. This program offers fourteen hours of live CE direct from Pacific Faculty in San Diego - we have included topics such as pharmacy law, Medicare Part D, current diabetes treatments, infectious disease, treating the Chemo patient in a retail pharmacy, dermatology issues relating to prescription drugs, discussions on atrial fibrillation and the new era in psych medications. We have created a multifaceted program that includes something for everyone. We are looking forward to seeing you at this program and future events as we expand our continuing education offerings.

### Our Goal -

The goal of the Office of Postgraduate Professional Education is to provide current, relevant programming for both continuing professional education and professional development via live programming in California, at state and national meetings and through a variety of distance programming venues including home study, facilitated conferences, broadcasts of our live programming, a new Pacific at Home program, CD home Study and webcasts.

— Nancy DeGuire, Pharm.D.  
Director, Postgraduate Professional Education  
Assistant Dean, External Relations

### Sample Program Objectives -

Full listing will be provided online and in the Program Syllabus

- ◆ Describe and identify regulatory changes in CA related to the pharmacist-in-charge
- ◆ Identify and understand the Standard Part D benefits in 2010/2011
- ◆ Recognize common risk factors associated with MRSA and VRE infections
- ◆ Evaluate the use of the oral chemotherapy agents in conjunction with a patient's medication profile and available medical history
- ◆ Recognize the potential drug-drug interactions between clopidogrel and both over-the-counter (OTC) and prescription medications
- ◆ Recognize skin lesions associated with the development of common drug-induced skin eruptions
- ◆ Compare Watchman device with drug therapy to prevent stroke in individuals with Atrial Fibrillation
- ◆ Describe the changes to the 2010 American Diabetes Association standard of care guidelines
- ◆ Compare and contrast the drug properties of the conventional antipsychotic medications with those of the newer atypical antipsychotics
- ◆ Discuss other novel uses of atypical antipsychotics in disease states such as unipolar depression and insomnia.

### Course Overview

This knowledge-based learning activity is designed to provide pharmacists with the most current information regarding new drugs, indications, and legislature. Lecture topics have been selected to reflect major areas of advancement in clinical therapeutics. The target audience for this program is pharmacists in a variety of settings including inpatient and outpatient clinical care, managed care, consulting, retail pharmacy, and inpatient-based hospital practice.

### Accreditation

The University of the Pacific, Thomas J. Long School of Pharmacy and Health Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is accredited for a maximum of 14 hours of continuing education credit (1.4 CEU) and are numbered consecutively (0006-0000-10-501-L03-P thru 0006-0000-10-509-L01-P). To receive continuing education credit for this program, pharmacists must attend each of the program sessions, complete and turn in the program registration form and evaluation form for each session prior to departing the conference. Statements of credit will be mailed to participants within 60 days of completion of the program. These are ongoing programs with an initial release date of 10/01/2010.

### Fees

Pharmacist Registration Fees are listed below on the registration form. There is also a discounted fee for Student/Resident Pharmacists who provide appropriate documentation. PLEASE NOTE: The cancellation policy and date.
